This Capability Statement showcases Haul Pro Aus Transport's specialised logistics solutions, built on over 18 years of trusted service across Northern Australia. Inside, you'll discover our core capabilities, safety-first culture, community involvement, and commitment to sustainability.

Learn how Haul Pro Aus delivers tailored and reliable transport solutions across a diverse range of industries — keeping Northern Australia moving with every journey.

Haul Pro Aus is committed to delivering premium transportation and logistics solutions across Northern Australia, backed by reliability, efficiency, and exceptional customer service. With a strong focus on operational excellence, we provide tailored freight and supply chain solutions designed to support businesses of all sizes across diverse industries.

EXECUTIVE SUMMARY

At Haul Pro Aus, we're more than just a logistics company — we're a trusted transport partner proudly supporting businesses across Northern Australia. Backed by over 18 years of industry experience, we have grown into a dynamic logistics provider delivering reliable transport, warehousing, and supply chain solutions across a wide range of industries that keep Northern Australia moving.

Our commitment to safety, operational excellence, efficiency, and innovative logistics practices sets us apart, allowing us to consistently deliver tailored solutions that meet our customers' needs — on time, every time. Sustainability and community involvement remain at the heart of our operations as we continue building a stronger and more connected future for the regions we serve.

At Haul Pro Aus, we take pride in building long-term partnerships founded on trust, reliability, and performance — because your success is our success, and together, we're driving Northern Australia forward.

INTRODUCTION TO HAUL PRO AUS TRANSPORT

Haul Pro Aus was founded by college friends who identified a growing gap in the transport and logistics industry — businesses needed a freight partner they could truly rely on. What began with a shared vision, hard work, and a small fleet quickly grew into a trusted logistics company built on reliability, customer service, and operational excellence. Today, Haul Pro Aus proudly delivers tailored transport, warehousing, and supply chain solutions across Northern Australia, helping businesses move forward with confidence.

Our journey is built on decades of growth, driven by purpose, passion, and a commitment to excellence.

Our history

Haul Pro Aus was built on a simple idea — to create a transport and logistics company that businesses could genuinely depend on. Founded by three ambitious college friends who recognised a growing gap in the freight industry, the company began with a shared vision, a strong work ethic, and a passion for delivering better service to customers across Australia.

Starting with a small fleet and a hands-on approach, Haul Pro Aus quickly earned a reputation for reliability, professionalism, and customer-focused solutions. Through years of dedication and operational excellence, the business expanded its capabilities across transport, warehousing, distribution, crane services, container handling, and supply chain logistics.

Today, Haul Pro Aus proudly supports businesses across Northern Australia and beyond, delivering tailored logistics solutions for a wide range of industries. Backed by over 18 years of industry experience, the company continues to grow while staying true to the values it was founded on — trust, safety, efficiency, innovation, and long-term partnerships.

From humble beginnings to becoming a trusted name in the logistics industry, Haul Pro Aus continues to move businesses forward with confidence, precision, and reliability in every journey.

COMPANY OVERVIEW

OUR VISION & VALUES

OUR VISION

To live and breathe our business by building strong partnerships with our customers and delivering lasting shared value.

service vehicle.

WAREHOUSE & TRANSPORT

TECHNOLOGY

MANAGEMENT SYSTEM

Haul Pro Aus utilises the advanced Carton Cloud management system, providing a fully integrated platform designed specifically for transport, warehousing, and logistics operations. The system streamlines key functions including Transport Management, Warehouse Management, Inventory Control, Proof of Delivery, Customer Visibility, and real-time freight tracking.

With seamless integration across all operations, data entered the system is instantly updated and shared in real time, ensuring greater accuracy, efficiency, visibility, and operational control across the entire supply chain.

INVENTORY SYSTEMS

Haul Pro Aus' Warehouse Management system, powered by Carton Cloud, delivers advanced inventory control and a complete end-to-end logistics solution — from goods receipt and storage through to picking, packing, dispatch, and transport.

ONLINE PORTAL

The online customer portal provides real-time visibility of stock levels, inventory movements, order tracking, and billing information, ensuring complete transparency and operational efficiency across the supply chain.

OUR 5 KEYS

TO SUCCESS

KEY INTEGRATION

WHAT WE ARE KNOWN FOR

Our business model has been deliberately designed to deliver a fully integrated warehouse and transport solution.

HOW THAT HELPS YOU

We allow our partners to focus on what they do best, and we take care of the rest. Our advanced technology gives our partners peace of mind.

- COMPETITIVE PRICING
- RELIABILITY
- FLEXIBILITY
- SAFETY
- INTEGRATION

WAREHOUSING

TRANSPORT & SAFETY COMPLIANCE

FATIGUE MANAGEMENT

Driver fatigue management and vehicle speeds are monitored in real time, with audible alerts notifying drivers when speed limits are exceeded or rest periods are approaching. Live back-to-base monitoring also enables our Logistics Team to oversee driver behaviour and maintain full compliance throughout all freight operations.

SAFETY CHAMPION

Using industry-leading occupational health and safety technology, our team can report hazards and incidents in real time, enabling proactive risk management and rapid response. Automated reminders for audits, reporting, and training help ensure the highest standards of safety and compliance are maintained across all operations.

GPS TRACKING

All vehicles are equipped with advanced GPS tracking systems, including fatigue management monitoring and G-Force sensors that track acceleration, braking, and cornering behaviour. Haul Pro Aus is also rolling out new MT Data units across the fleet, powered by AI technology to monitor driver behaviour and enhance road safety. In the event driver fatigue or drowsiness is detected, in-cabin safety alerts such as seat shakers are automatically activated to help prevent incidents.

WAREHOUSING

TRANSPORT & SAFETY COMPLIANCE

Haul Pro Aus is committed to maintaining a safe, healthy, and productive working environment across all our offices, warehouses, workshops, transport operations, and customer sites. We believe there is no greater priority than protecting the wellbeing of our employees, contractors, customers, and the communities in which we operate.

At Haul Pro Aus, safety is embedded into every aspect of our operations. We strongly believe that workplace injuries, incidents, and property damage are preventable through the right systems, training, awareness, and commitment from everyone involved.

By fostering a strong safety-first culture and providing the necessary resources, procedures, and ongoing support, Haul Pro Aus continues to deliver logistics solutions with the highest standards of safety, responsibility, and operational excellence.

WAREHOUSE & TRANSPORT

COMPLIANCE
